

AIR & SURFACE SANITIZER PRODUCTS

**WHY TREAT INFECTION...
WHEN YOU CAN PREVENT IT.**

**Eliminates 99.9% of
Disease-Causing Germs and Infection.**

Defend yourself, your family, and your co-workers with our safe, non-toxic Clean Air Sanitizer and our Multi-Surface all-in-one cleaner, disinfectant, oxidizer, sanitizer formula available in liquid and wipes. Eliminates 99.9% of germs: viruses, bacteria, fungi, and harmful and odor-causing microorganisms.

Our unique formulation is comprised of two of the most powerful antimicrobial ingredients scientifically proven to be effective in the fight against disease causing germs and infection. Hospital grade, ready-to-use D-Viral™ helps in all enclosed settings—Residential, Commercial, Industrial—24/7/365...and not just during a pandemic.

D-Viral™ keeps working when the others can't and it's safe around people and pets.

Clean Air Sanitizer Dispenser with Chlorine Dioxide CLO2 Pouch.

Helps defend against and eliminate airborne germs and odors typically found in residential, commercial and industrial settings. Great for pet odors, too. The pouch is effective for up to 60 days and simply replaced. Effective reach of 400-600 sq. ft. when placed in rooms.

Dispenser Pouch

Multi-Surface all-in-one cleaner, disinfectant, oxidizer, sanitizer formula available in various sizes and wipes.

Our unique formulation is comprised of two of the most powerful antimicrobial ingredients that eliminate 99.9% of germs: viruses, bacteria, fungi, and harmful and odor-causing microorganisms. Chlorine Dioxide (an EPA registered ingredient) CLO2 and Titanium Dioxide TIO2 are scientifically proven to be effective in the fight against disease causing germs and infection.
